

SPOTKANIA TRANSPORTOWE

MEETINGS OF ROAD HAULIERS – 2018

- series of conferences for Polish road transport companies

„Meetings of Road Hauliers” conferences are aimed for medium and small-sized road transport companies and they cover tips on spending, saving and investing wisely in the road transport business.

Presented topics: Well-chosen topics.

Each presentation takes maximum 20 minutes, including short time for discussion and questions. Numerous coffee breaks which create opportunities for conversations and possibility for additional presentation on corporate sites.

The conferences will be associated with very important topics for owners and manager of road transport companies:

- viatoll problems
- legislation questions
- working time for drivers
- insurances
- co-operation logistic operator - forwarding agent - transport company
- how to increase the efficiency of the transport company?
- how to survive in a difficult and volatile market?

The meetings take places in hotels or conference centers. All meetings are scheduled from 9:00 am to 17:00.

Participants of the meetings:

People active in the field of transport industry - practitioners, not merely theorists:
- Owners and managers of transport companies, both in international transport and distribution / local.

- Transport managers in manufacturing and distribution companies, each with its own fleet of vehicles.

The concept of the meetings:

- free of charge for participants / funded by sponsors and partners;
- regional meetings - entrepreneurs do not have time to drive many miles for conferences, therefore we arrive to them.
- topic-orientated, not advertising presentations. This kind of practical presentations is much more appreciated by carriers than a marketing presentation.

It gives possibilities for better interaction and invaluable opportunities for discussion etc. among participants. We make sure that participants, who attend the conferences, are actually carriers, owners and managers of entities active in the field of road transport by prior verification due to obligatory registration . What is more we dispatch information about conferences through carefully selected databases.

Conferences dates and venues

1 March - KRAKÓW

7 March - POZNAŃ

13 March - BIAŁYSTOK

21 March - WARSZAWA

during the fair MT TSL (Ptak Expo)
